BONUS – Terms & Conditions

1) Offering

a) _____% Credit Bonus is offered to enhance the Client's trading capital and can be used for trading activities. However, the bonus is not available for withdrawal unless otherwise specified in the Company's terms and conditions.

b) This only applies on new deposits or internal transfers to trading accounts of at least 3000 USD (or any other currency equivalent) or unless approved

c) Once a client completes the volume requirement, they will need to send an email to cs@godocm.com requesting the bonus to be released.

d) The credit bonus offer only applies to Standard, and Islamic account types.

2) Client's Acknowledgment

The client understand, agrees and acknowledge that;

a) he/she has read and agreed to be bound by terms of business as in client agreement and to this document.

b) the promotion is only effective on clients onboarded since August 2022 and there is no time limit for the completion of the bonus volume requirements.

c) the company has the right to amend, alter or terminate this Bonus Promotion at its sole discretion, and at any time without notice.

d) company reserves the right to refuse offering of the credit Bonus at its sole discretion without the need to provide justification.

e) the company will not be liable for any stop outs or any other consequences that result out of a Bonus cancellation and/or removal.

f) if the Company suspects that a Client has abused or attempted to abuse a promotion, or otherwise acted with a lack of good faith towards us, then the Company reserves the right, at its sole discretion, to deny, withhold or withdraw from that Client and if necessary to cancel any terms and conditions with respect to that Client, either temporarily or permanently, or terminate that Client's access to the service and/or block that Client's Account.

g) any dispute or situation not covered by these terms will be resolved by the company management in a fair and transparent manner. No such dispute can be taken to any third party.

3) Operating Terms

a) To withdraw the Bonus from your account the client needs to make transactions (number of standard lots) in the amount of: <Total Awarded Bonus Sum> /2 = <Number of standard Lots>
EXAMPLE: You receive $200 bonus. To withdraw the received bonus, you need to make a transaction $100 = 2 / 200 standard lots (only closed deals are taken into account).

b) For trading on Indices, U.S. Shares, Gold and Oil transactions, 1 lot traded counts as 0.1 lot towards completing the bonus volume requirements. For U.K. shares 1 lot traded counts as 1000/1 lot towards completing the bonus volume requirements.

c) Only trades that have a 3pip difference between open and close price are counted towards the Volume Requirements.

d) When a client makes a withdrawal from their account, he/she will be subject to a proportionate removal of the bonus amount awarded. The formula used by the system regarding Bonus Removals following a withdrawal request is: WITHDRAWAL AMOUNT X (%100%).
For example: If a Client withdraws 100 USD from their account, 100 USD will be deducted automatically from the_____% bonus amount that had been previously claimed and awarded.

e) Unless all requirements of the program are met, you can withdraw no more than your original deposit plus profits (or minus losses) at any time. Once the original deposit is removed, the bonus is lost. If a part of the original deposit is withdrawn the bonus is removed on a pro rata basis, therefore there will be a partial bonus removal. Each withdrawal is subject of bonus removal as per calculation 3(d).

f) Furthermore, if the volume requirements are not completed then the _____% Credit Bonus can only be used for credit purposes.

g) If volume requirements are not met and the equity of the account goes below the available bonus amount, then the bonus is removed automatically by the system. In other words, if the Cash Equity (Equity - Credit Bonus) becomes zero or less, all previously awarded Credit Bonuses will be cancelled and withdrawn from the respective Client's account. In these circumstances the Company shall not be liable for any consequences of the bonus cancelation, including, but not limited to, order(s) closure by Stop Out.

h) Internal funds transferred between trading Accounts within the Company are considered as withdrawals, therefore Bonus removal will be applied if the amount being transferred out from the _____% Credit Bonus account is from the original balance that was awarded a respective bonus.

i) In the case of selecting the _____% Credit Bonus there is no margin call alert.

j) These Terms and Conditions are made in English language. Any other language translation is provided as a convenience only. In the case of any inconsistency or discrepancy between original English texts and their translation into any other language, original versions of English shall prevail.
